The Saurer Museum in Arbon takes you on a journey through the rise and the fall of three generations of the hugely influential local industrial family Saurer.

On display are trucks dating as far back as 1911, such as our beloved Brazilian «Caminhao», which was brought back to its roots in 2003 and is still in the process of the most careful of restorations. You can also board a legendary postal bus, sit in vintage army trucks, look in bewilderment at a gigantic snow blower or carefully study a vast array of engines, all proof of the engineering capabilities of the Saurer family.

Apart from trucks, a complete line up of all the most important embroidery machines produced by Saurer can also be observed up close. Since 1860, the ingenious Saurer engineers constructed the most complicated stitching and weaving machines to produce the finest and most delicate cloth in the world. All of our machines are in running condition and will be started up for group visits by our amazingly dedicated corps of volunteers.

The Saurer Museum is prize winner of the European Museum of the Year Award EMYA for its professional work with volunteers and its public service.

We would love to host you for your function, birthday, wedding or company reception! Up to 100 people will be led on a tour by our guides and properly fed in a unique atmosphere by the team of the hotel «Wunderbar».

Do you want to support us and our museum?
**Please become a
«Friend of the Saurer Museum»**

Free admission to the museum, our lovely quarterly vintage truck magazine «Gazette», and easy access to the global Saurer community is all included in the price.

**Please contact us via www.saurermuseum.ch
or at the museums office:
anna.laich.baer@gmail.com**

Towels are woven in the museum (100W with Jacquard)
